CERTIFICATE STATEMENT: This document certifies that the electronic record described above was produced by the IBVAP evidence system and sealed into a SHA-256 hash-linked, append-only ledger at the stated time, and that the full chain was replayed and verified at generation time of this certificate. This certificate is issued for the purposes of Section 63(4) of the Bharatiya Sakshya Adhiniyam, 2023 (successor provision to Section 65B of the Indian Evidence Act, 1872) identifying the electronic record and the manner of its integrity assurance. Any alteration of the underlying ledger after sealing is mathematically detectable and would be reported in Section 4 above.
